

SMITH SECKMAN REID OPENS WASHINGTON D.C.-AREA OFFICE

New Office Led By Michael Preece to Service Growing Client Base

WASHINGTON D.C. – January 9, 2012 – [Smith Seckman Reid, Inc.](#) (SSR), a leading engineering design and facility consulting firm, has opened a Washington, D.C. office. The office will be led by Michael Preece, PE, PSP, CxA, security engineering commissioning specialist.

SSR has been active in the Washington, D.C. area for many years, with significant growth during the last five years. Notable work includes:

- [Riverside Shore Memorial Hospital](#) in Newport News, Va.
- [Riverside Doctor's Hospital of Williamsburg](#)
- Kaiser Permanente Medical Centers in the greater D.C. area, including: [Gaithersburg Medical Center](#) in Gaithersburg, Md., [Largo Medical Center](#) in Upper Marlboro, Md., South Baltimore Medical Center in Baltimore, Md., and [Tyson's Corner Medical Center](#) in McLean, Va.
- Marine Corp. Base Quantico – Greenside Hangar and Dental Clinic in Quantico, Va.
- [Wakefield High School](#) in Arlington, Va.
- Georgetown University's [Davis Performing Arts Center](#) in Washington, D.C.
- [The Johns Hopkins Hospital](#) in Baltimore, Md.
- [Baltimore Washington Medical Center](#) in Baltimore, Md.
- [Children's National Medical Center](#) in Washington, D.C.

"As our work for local clients and the federal government continues to grow, we wanted to be close to the agencies headquartered in the D.C. area," said Rob Barrick, President and CEO of Smith Seckman Reid. "The size and diversity of the D.C. market along our core service lines, opportunities for international work, and long term clients with interests in the area were all factors in our decision to open an office here."

The Washington, D.C. office will provide SSR's full array of engineering design and facility consulting services including engineering design, commissioning and sustainability, technology and regulatory compliance.

Michael Preece has 22 years of experience in project development, design, construction and start-up. For the last nine years, he has served as client and project manager for federal, state and local government projects, and commercial projects in Maryland and the Mid-Atlantic region. He is a registered professional engineer in Maryland, a board-certified physical security professional with ASIS International and a certified commissioning authority with the AABC commissioning group.

SSR's new office is located at 6700 Alexander Bell Drive, Suite 200, Columbia, MD, 21046 and can be reached at (443) 286-1296.
