

SSR PROJECT MANAGER WINSTON HUFF APPOINTED TO INTERNATIONAL GREEN CONSTRUCTION CODE COMMITTEE

NASHVILLE, Tenn. – Jan. 5, 2012 -- Winston Huff, plumbing and fire protection project manager at engineering design and facility consulting firm [Smith Seckman Reid, Inc.](#) (SSR), has been appointed to represent the [American Society of Plumbing Engineers](#) (ASPE) on the [International Green Construction Code Committee](#) (IgCC) – Energy/Water.

As a committee member, Huff will work in the areas of water resource conservation, rainwater collection and distribution systems and used water recovery. Appointed for the 2012 - 2013 Code Development Cycle, his term will end Dec. 31, 2014.

“Winston’s appointment to the IgCC is a tremendous opportunity and further demonstrates SSR’s leadership in new technologies and involvement in new code development,” said Clay Seckman, executive vice president at SSR.

The IgCC launched in 2009 as an initiative of the [International Code Council](#) to aid in the construction of sustainable buildings in the business and residential sectors. The goal of the IgCC is to address the growing demands for a uniform framework that concentrates on safe and sustainable practices in building design and construction.
