

## **SMITH SECKMAN REID OPENS SAN ANTONIO OFFICE**

**SAN ANTONIO, TX** – February 20, 2012 – Engineering design and facility consulting firm Smith Seckman Reid, Inc. (SSR) has opened an office in San Antonio, Texas.

“Our expanding healthcare, higher education and energy projects in the region make an office presence here advantageous, and we are excited to be a part of this great city,” said Richard Morris. “SSR is committed to creating collaborative relationships that help meet our clients’ needs. Along with our corporate social responsibility to the community, this will remain a priority in San Antonio.”

San Antonio is the firm’s third office in Texas, where SSR is one of the state’s largest facility infrastructure consultants. Other offices include Houston and Dallas.

SSR has managed projects in San Antonio since 1998. Recent work includes design and construction administration services for **University Health System’s** new five-story downtown outpatient campus; expansions and additions to the **San Antonio Military Medical Center**; and LEED and measurement and verification consultation and energy modeling for **Mission Trail Baptist Hospital**, which recently achieved LEED Gold Certification.

### ***About SSR***
